PRESTO Ticket Features

Using a PRESTO Ticket

A PRESTO Ticket must be tapped on a PRESTO reader on a TTC vehicle or in a station. A tapped ticket is the customer's Proof-of-Payment on the TTC. The customer needs to keep their ticket with them for their entire trip, in case they are asked for Proof-of-Payment by a fare inspector.

Fare Types and Price

Single ride adult tickets are available for sale through this pilot program. PRESTO Tickets are priced the same as an Adult cash fare.

Expiry

Expiry dates are printed on each PRESTO Ticket. Valid for up to 5 years from the date of manufacture.

PRESTO Tickets are single-use and cannot be reloaded.

Two-Hour Transfer

Paying a fare with a PRESTO Ticket includes unlimited transfers within a two-hour window from the time the ticket was first tapped. After the two hours are up, the customer must pay another fare the next time they get on a bus or streetcar, or enter a subway station.
